A SHOW LIKE NO OTHER

The City of London has always known how to put on a good show but even for the Square Mile the Lord Mayor's Show is something special.

The gold coach, Sheriffs, pikemen, musketeers, City Marshall, Gog and Magog, Aldermen and liverymen all represent the rich history of the day and its original purpose of 'showing' the new Lord Mayor to the people. But along with the best of the 'old', these elements are joined by the best of the 'new' that demonstrate the modern outlook of the City – community groups, charities, companies, military units, overseas trade organisations and plenty of musicians.

The day starts and ends on the Thames: a river arrival by the new Lord Mayor in the morning and a spectacular fireworks display at the end of the afternoon.

Between then more than 7,000 people, 200 horses and over 150 floats will be entertaining the crowds as they travel from Mansion House to the Royal Courts of Justice and back in a riotous display of colour, sound and imagination.

So if you want to find out exactly what makes the Show so special come along and join thousands of others in cheering on those taking part and enjoying a big slice of City history.

GOING OUT IN STYLE

17:15 How do you top the procession? Only with one of the most popular parts of Lord Mayor's Day - the spectacular free firework display on the Thames. This is the last remaining free firework display in London's calendar and is incredibly popular so allow plenty of time and get there early. Best viewing positions are along Victoria Embankment and the South Bank. The fireworks are once again sponsored by the City of London Corporation.

Culture Mile

culturemile.london

17 The newest addition to the City's cultural scene, this is a long term initiative to create a vibrant cultural area in the north-west corner of the City. Stretching just under a mile from Farringdon to Moorgate, Culture Mile will have creative exchange, cultural collaboration and learning at

its core over the next 10-15 years. You will be able to see hoardings advertising this project today at West Smithfield, and visit two

garden areas at the Museum of London, a pop-up garden at the corner of Moor Lane and Silk Street and wayfinding trials will be in place.

The City and beyond

The role of the Lord Mayor

The annually elected Lord Mayor of the City of London heads the City of London Corporation which provides local government and policing services for the City: the financial and commercial heart of the UK. This does mean working alongside the Mayor of London but more regularly with the City Corporation's Policy Chairman, its Policy & Resources committee and the wider organisation. This is to make sure the City's interests are reflected in London-wide and national policy and development. But although the City Corporation looks after the needs of the Square Mile, the work the organisation does has a far wider impact, stretching across London and benefiting the whole country.

The City

As part of its remit to maintain London's position as the world's leading international financial and business centre, the City Corporation is dedicated to attracting new business to the capital, and indeed to the whole of the UK. From City property advice to inward investment, and from representation in China and

India to research funding, the organisation works to make sure the City has everything it needs to thrive. A key part of this is the Lord Mayor's role as an international ambassador for UK-based financial and business related services. This means spending around 90 days a year leading business delegations abroad to key markets

and financial centres and meeting those at the highest level of business and government. It also means welcoming foreign dignitaries and heads of state here on behalf of the government and acting as a trusted spokesman for UK industry, representing their needs to decision makers in Westminster and Whitehall.

The capital

Ensuring that wider London thrives is also a major goal for the City Corporation. Its City Bridge Trust is London's largest grant giver, supplying more than £20m, every year to address disadvantage and promote fairness, inclusion and independence.

The City Corporation works across boroughs to support education, as well as social and cultural opportunities, for all Londoners to help improve their quality of life. Young people are a key target in both education and employment, especially through business traineeships and apprenticeships. It also encourages business to help tackle education, training and other community issues by helping them develop their own social responsibility programmes.

The UK

And as one of the UK's biggest sponsors of arts and culture (exceeded only by the government, the BBC and the National Lottery), the City Corporation's work benefits the country as a whole.

This ranges from the Barbican, Guildhall School of Music & Drama, Guildhall Art Gallery, London Metropolitan Archives, funding the London Symphony Orchestra, and co-funding the Museum of London.

Nowhere is this UK-benefit seen better than in the 11,000 acres of green space in and around London that the City Corporation looks after. These vital areas of nature includes household names like Hampstead Heath and Epping Forest and some have been managed since the 19th century to protect them from development and preserve them for all.

WHAT YOU NEED TO KNOW

Transport

The City has plenty of train, tube and bus links so you don't need to drive but please check for any service changes.

0343 222 1234

Views

It's best to arrive early for clear views of the Show, especially if you have kids. There's no seating but you can bring folding chairs. Busiest parts are around St Paul's and Mansion House but Cheapside, Fleet Street, Victoria Embankment and Queen Victoria Street are often more manageable.

Toilets

Download the City Toilet Finder App to find your nearest toilet with address details, distance from location and facilities available (such as accessibility and baby changing areas). Around 90 toilets throughout the Square Mile mean that you are never more than five minutes' walk away.

Grandstands

You won't need to worry about your view of the big day being ruined if you buy tickets for the grandstands next to and opposite St Paul's Cathedral. These give a bird's eye view of the procession as it approaches St Paul's from New Change. Fully wheelchair accessible spaces are also available but book early as they go fast.
